

## HOW TO Use Live Scoring in your golf tournament

### 1 Login and set up your team

- Check your email or ask your tournament organizer for your team's unique live scoring code if you have not received it yet
- Visit [scoring.eventcaddy.com](https://scoring.eventcaddy.com) on your mobile device
- Enter your live scoring code and follow the steps to confirm your team members and add a fun team name

### 2 Begin your round

- Double check to make sure that your scorecard is starting you on the correct hole  
*This is important for a shotgun start from different holes*
- Enter your team scores and proceed to next hole by selecting the next hole at the bottom of screen

### 3 View the leaderboard

- Switch between the Your Team and Leaderboard tabs near the top of the screen
- Once you have completed all holes your final scores will be seen by the tournament organizer
- Live Scoring updates will be displayed on the Live Scoring website and in the clubhouse (if activated by your event organizer)
